

ABN Notification Form

If you wish to use this form please print and fax it to us on (08) 8338 3244.

As you will be aware, significant changes to the Australian taxation system came into effect from 1 July 2000. Two of these changes were the Australian Business Number ("ABN") and the Goods & Services Tax ("GST"), and these may have an effect on your business of growing grapes.

We strongly recommend that all businesses should obtain an ABN. Without an ABN you cannot register for GST and cannot claim back from the Australian Taxation Office ("ATO") any GST paid on the goods and services that you buy. As a member of the Coonawarra Vineyards Project ("the Project") you have decided to conduct your own business of growing and cultivating grapes. Therefore, you should be eligible to obtain an ABN and register for GST. Further, businesses that have a gross turnover in excess of \$50,000 per annum may be required to be registered for GST.

GST is payable on the supply of goods and services made by an enterprise on or after 1 July 2000. GST will be payable by members of the Project on services such as vineyard management fees and licence fees to use the land. If you are not registered for GST you may not be able to claim this GST back from the ATO. Coonawarra Premium Vineyards Limited (the Project Manager) will invoice you separately for the GST component on management and licence fees.

In addition, if you do not obtain an ABN or do not quote your ABN 48.5% will be withheld from payments to you.

We therefore suggest that, if you have not already done so, you seek independent professional assistance in relation to obtaining an ABN and registering for GST.

When you have received notification of your ABN from the ATO we ask that you complete the ABN Advice Slip (below) and return this to us by fax or post unless we have been previously notified of your current ABN.
